As of: July 2024

Our services

## Engineering

**New construction, conversion or deconstruction?  
We can do it all for you!**

We'll plan your project from A to Z  
and make sure that everything goes smoothly.  
We'll find the right balance between deadlines,  
budget and quality.

### **Our services for your project:**

- Design
- Construction supervision
- Project management
- Environmental and Geoservices

Integrated engineering and implementation  
using **building  
information modeling**

**In-house lab**  
for sample analysis

Aerial images taken by  
**multicopter**

Modern surveying systems  
such as **3D laser scanning**

Our services

## **Engineering**

We rely on innovative methods and  
have the right expertise even for  
special tasks.

**Georadar**  
for non-destructive testing  
down to 4 meters

**Geotechnical monitoring** for continuous monitoring  
of structures and the surrounding geology

#### Our services

## Consulting

### **We make you a success!**

We advise organizations and companies in all matters relating to infrastructure, mobility and logistics. We analyze strategic and operational requirements and find the right solutions.

### **Our services for your project:**

- Mobility and Logistics Consulting
- Digital Services and Solutions
